

OASYS® 15.1 Release Notes

What's New

The focus of this release is to enhance our website in order to provide participants with an improved user experience for managing their test events and submitting results.

1. The home page has been simplified to provide users with a quick access to the main features:

- Test Event Dashboard;
- Performance Reports;
- Support Center.

What would you like to do?

**Test Event Dashboard**

**Performance Reports**

**Support Center**

What's new?

▶ OASYS v15.1 has been released! Click [here](#) for the Release Notes and additional information.

2. A new feature, called Test Event Dashboard, has been created to allow participants to fully manage their test events and subscription life cycle in one place. The Test Event Dashboard displays each subscription in the current or upcoming test event. It allows users to:
 - View Instructions;
 - View Worksheets;
 - Perform registration;
 - Submit results;
 - View Results Confirmation report;
 - Set their report delivery preference to view/print reports in the dashboard or receive reports via email;
 - View the Oneworld Accuracy Test Event Calendar.

[Report Delivery Preferences](#) [Test Event Calendar - 2015](#)

Test Event Open: Jul 8 - Results Deadline: Jul 29 Status: Scheduled		Instructions	Worksheets	Registration	Results	Confirmation
Subscription	Program					

3. Due to the positive feedback received from participants, the new flow for submitting results in a grid has been extended to support more programs. We are actively working on having all programs supported by the new flow.
4. The icons for registering analytes and assays have been removed from the Subscriptions page. Registration is now done in the Test Event Dashboard.
5. The Active Test Event and Active Test Event Reports pages have been discontinued. All the features in those pages have been moved to the Test Event Dashboard.
6. Shipment Notices have been enhanced and are now being sent exclusively via email to shipping contacts.
7. New Test Event Reminders have been created. Test Event Reminders contain Instructions and Worksheets and are being sent via email to reporting contacts. If you haven't already provided us with your email address, please log in at oneworldaccuracy.com and submit your email address to ensure that you continue to receive important communications from us.
